Application for a framework agreement

Vehicle data information products

Version date 04/11/2025 subject to change

A framework agreement, must be concluded in order to:
- obtain fee-based standard data records
- procure customer-specific data records, evaluations and analyses.

Notes:
- No framework agreement is required if anonymised data or factual data are requested just once.
- All freely available standard datasets (Open Data) can be obtained without a framework agreement.
- A fee is charged for drawing up a framework agreement in accordance with the FEDRO Fee Ordinance (as at 01.01.2022: CHF 280).
- Once a framework agreement has been concluded, a request for vehicle data information products can be made: Request for disclosure of personal data.

Procedure

0. View sample framework agreement and description of information products (www.ivz-fahrzeuge.ch).
1. Complete this this form and email it to: fahrzeugdaten.analyse@astra.admin.ch.
2. FEDRO considers the application and draws up the framework agreement.
3. FEDRO sends
   (a) two signed agreements by post to the delivery address and
   (b) the invoice for issuing the agreement.
4. The applicant returns a countersigned copy of the agreement to the FEDRO by post to:
   Federal Roads Office (FEDRO)
   Analyses Section
   3003 Bern
5. The applicant can now apply for information products by submitting a Request for disclosure of data.
